**SUBJECT OF EXAMINATION:** A test designed to evaluate knowledge, skills and /or abilities in the following areas:

**Ensuring effective inter/intra agency communications**

These questions test for understanding of techniques for interacting effectively with individuals and agencies, to educate and inform them about topics of concern, to clarify agency programs or policies, to negotiate conflicts or resolve complaints, and to represent one's agency or program in a manner in keeping with good public relations practices. Questions may also cover interacting with the staff of one's own agency and/or that of other agencies in cooperative efforts of public outreach or service.

**Preparing written material**

These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.

**Understanding and interpreting written material**

These questions test for the ability to understand and interpret written material. You will be presented with brief reading passages and will be asked questions about the passages. You should base your answers to the questions only on what is presented in the passages and not on what you may happen to know about the topic.

**Evaluating conclusions based on factual information**

These questions test your ability to evaluate and draw conclusions from factual information presented. Each question consists of a set of factual statements and a conclusion. You will be asked to determine whether the conclusion can be proven to be true by the facts, proven to be false by the facts, or if the facts are inadequate to prove the conclusion.
