

## **MICROCOMPUTER / NETWORK SUPPORT SPECIALIST**

Department of Community and Family Services  
Salary: \$83,044

This is a highly technical provisional position responsible for the planning, development, installation and full support of microcomputer systems. The incumbent works with user departments to assess needs, then develops a system to best meet those needs. The incumbent procures the necessary hardware and software, performs the initial configuration and installation, then supports the user through training and problem solving. Depending on the user, the incumbent may be required to work on a wide variety of systems, interface with mainframe systems, perform programming tasks, and install and maintain network systems. The work is performed under the general supervision of higher level administrative staff, with considerable leeway for solving problems in the field. Supervision of others is not a normal function of the position.

### **TYPICAL WORK ACTIVITIES:**

Works with user agencies to ascertain needs and develop standalone and networked systems to best address their needs; orders, receives, inventories and performs initial configuration and installation of hardware and operating software, contacting vendors as necessary to resolve any problems; maintains systems through software upgrades, the detection of viruses, correcting file error problems on disks, replacing defective equipment, and having equipment serviced; provides telephone and field support to users on hardware and peripheral equipment, software, and network system problems, contacting vendors as necessary; develops and provides training for users on hardware, software and network systems; keeps abreast of the field of microcomputer system products, tests new software and equipment, and makes recommendations for future development and use.

### **MINIMUM QUALIFICATIONS:**

EITHER:

- (A) Associate's degree in data processing or a closely related field AND three (3) years of full-time recent work experience\* in an Enterprise, public or Educational environment which primarily involved the installation and full support of microcomputer and LAN systems;
- OR: (B) Graduation from high school or possession of a high school equivalency diploma and five (5) years of full-time work experience as described in (A);
- OR: (C) An equivalent combination of education, training and experience between the limits of (A) and (B) above.

**NOTE:** Recent work experience is defined as work occurring within the ten (10) years immediately prior to the date of application. Work experience in home/consumer PC networking will NOT be considered as qualifying experience.

**NOTE:** Your degree or college credit must have been awarded by a college or university accredited by a regional, national, or specialized agency recognized as an accrediting agency by the U.S. Department of Education/U.S. Secretary of Education.

### **SPECIAL REQUIREMENTS:**

1. Candidates must be able to transport and install equipment weighing approximately 45 pounds at a variety of locations.
2. Possession of a valid Driver License to operate a motor vehicle in New York State at time of application and to maintain the position.

**FINGERPRINTING:** A fingerprint supported background investigation is required before an appointment is made to some positions. Pursuant to New York State Executive Law, the Division of Criminal Justice Services requires that a fee accompany each such request for a search. It is due once a job offer is made and accepted by the applicant.

**For immediate consideration, submit an application on or before 01/30/2026**
